Urgent Appeal from FoMM

Advertising the Summer Fete

We have just heard from an Estate Agent who may be able to support our Summer Fete by placing boards in the local area. Normally budgets for this type of thing have already been allocated much earlier in the year, so this is a great opportunity to advertise to our local community and increase the event's success, (and of course the fund raising success for the minibus!)

Do you live on a main road, or in an area of high traffic density, **or** do you know someone who does and might be willing to have a board outside their house or their business for a few days? (They do not need to be parents with children at the school)

If so, please contact FoMM urgently giving an idea of the location and who we might contact.

Many thanks,

FoMM
