

Message from the Senior Management Team

We hope you have all had the chance to meet with your teacher this week (or have an appointment for a more convenient time) to discuss your child's progress and targets for the second half of their academic year. The meeting will also have given you an opportunity to raise any questions you may have had regarding your child's report, which your class teacher will have made a record of. Please remember to fill in and return the written feedback report forms, so the school may look at wider questions arising across the school. Such feedback helps the management team build an even clearer picture of the kinds of questions and topics that are pertinent to parents. If you have mislaid your form, Joy will be happy to provide you with another one.

Keen to be Green

Please remember to support our project by taking some of our recycling materials home with you to recycle in your own bin.

As you know, we are encouraging children to think about the impact of single-use plastic on the planet, and how we can generally create less waste. Thames Water are currently running a 'Taptastic, Not Plastic' scheme, which encourages people to approach local cafes, restaurants and other premises to have their bottle refilled with tap water.

They are also selling aluminium bottles, which you can find by going to the Thames Water website. Thames Water customers may also have received a money-off voucher to encourage people to purchase the bottles.

#taptasticnotplastic

Blue Peter Award

A special congratulations this week to

William Granados, Y4,

who was awarded a Blue Peter badge!

William has recently made a video about his experience as a dyslexic student, which he sent to Blue Peter. The BP team were so impressed with Will's effort, they sent him his badge. Well done Will! You thoroughly deserve it.!

Swimming Observations

Monday, 18th March.

Please book your observation through Joy.

LP Violin Recital

Lower Primary children were visited by one of our Reception mums, Erika, this week, who taught us about playing the violin. Erika played a range of classical and contemporary pieces, and children were invited to try the violin for themselves.

Thank you Erika! We found your music very inspiring.

Meadowbrook Book Fair

Thank you to all the children and families that supported our recent Scholastic book fair, organised by Amita. We smashed our target of £400 to raise a massive **£514.34!**

Now we have over £200 to invest in new books for our library. If you have any ideas about genres or authors you would like to see more of, please let Amita know.

Uniform Shop

The shop is now open until **Tuesday, 12th March.**

Please remember to anticipate and order all your summer items.

Red Nose Day

Don't forget! We're celebrating Red Nose Day on **Friday, 15th March**

Donations of £1 please if you wish to join in with

Mufty Day.

Thanks to one of our pupils in Reception, **Aaliyah Abudo**, the children can now wear home clothes on their birthday. Aaliyah wrote an agenda to raise the idea in our weekly community meeting, and everyone voted to support her.

What a great idea Aaliyah!

Barbara and Sarah
