

Message from the Senior Management Team

We hope you all enjoyed the beautiful spring weather we had over the holidays and that all our families are feeling ready to start our busy summer term. We'll begin by celebrating May Day with our annual Maypole dancing workshop, hosted again by Chris Smith, followed later in the term by Father's Day, Academic Evening, Sports Day and Fun Day. Please note that we are holding Academic Evening, Sports Day and Fun Day on the same day again this year, which will hopefully make life a little easier for working parents.

FoMM will also be hosting a family camp-out after half term and we will soon begin a collection of scrap wood to get the bonfire burning! We will also host bake sales, Twilight Delights, forest days, a music festival and even a Lego masters competition!

As always, your support and

contributions to these events is an essential element of their success and we look forward to working with you to ensure all our community activities are busy and fun! Sign-up sheets for these and other events will soon appear in the Atrium.

Keen to be Green

Our paper and plastic collection points will remain available outside the office, and there is now a household battery and printer cartridge recycling service offered at school too. Please find the battery box in the Atrium and give any printer cartridges directly to Sarah.

The school is also recycling all waste food now, so both the chickens and the composter will be kept full!

Many thanks to Oxana, who has given us a copy of her recycling assembly in images to display on the Atrium board.

Encouraging the children to reduce, reuse and recycle must be a consistently on-going project within schools. Please speak to a member of staff if you have any ideas that support this cause

Scrap paper

As part of our green initiative, we would like to encourage the children to use more recycled paper. Should you have any useable A4 scrap paper at home, please donate it to the school.

Maypole Workshop

Tuesday 30th April

Weather permitting, Chris Smith will be coming to Meadowbrook to give his annual Maypole workshop for us. Please can girls wear floaty skirts or dresses and boys smart casual wear. The children will be dancing for about an hour, so please ensure footwear is comfortable as well as lovely!

Please remember to bring your gym kit to school, as you will have your gym lesson as usual in the morning.

Jenevieve's Bake Sale

Jenevieve Byron, one of our Year 2 girls, has organised a charity bake sale to support Save the Children. Please see her information posters on the main door and a sign-up sheet in the Atrium. If you have any questions, please ask Jenevieve or Sarah.

Parent Coffee Morning Thursday, 2nd May

9.00 – 10.30am
In a slight change, FOMM will now be hosting the coffee morning as Serena has an unavoidable appointment. She hopes to be able to pop in briefly for a coffee and we look forward to seeing you in the Atrium after drop-off.

LP Summer Walk Friday 3rd May

Lower Primary will be taking their first summer walk on Friday, so please provide them with sensible

walking shoes and a light raincoat, just in case!

Senior Trip

Please note that the final instalment (£63) for the trip is due Friday, 3rd May

Please speak to Julie or Joy if you have any queries.

Sun Safety

As the temperature starts to rise through the term, please ensure your child is provided with a sun hat, sun screen and a water bottle. These things must be clearly named for safe-keeping. Many Thanks.

Barbara's Holiday Club

Please see the sign-up sheet on the Lower Primary notice board to register your interest for this year's holiday club. The club runs over 4 weeks during the Summer holidays, from 15th July.

Should you wish to know more about Holiday Club, please collect an information letter from Joy's office or speak directly to Barbara.

Don't forget the Bank Holiday on Monday 6th May!

Barbara and Sarah
